

THIS DRAWING MAY BE USED ONLY FOR THE PURPOSE INTENDED AND ONLY WRITTEN DIMENSIONS SHALL BE USED

All signs to conform with TSRGD 20016 (as amended)

This drawing to be read in conjunction with Traffic Signs Manual Chapter 8 2009

All signs to be located so as not to obscure / be obscured by other signs or objects and should be ballasted near to ground level using sand filled hessian bags or sign straps

All contradictory and ambiguous signs are to be covered / removed

Exact locations for works access and egress points are to be agreed on site

All sign positions are indicative only and must be accurately positioned on site with good visibility and be clear of any obstructions or vegetation at all times

| DESIGNERS CHECK LIST | | YES | NO |
|--|--|--------------------------|--------------------------|
| Is an airlock system required?? | | <input type="checkbox"/> | <input type="checkbox"/> |
| Have we been informed of any Overhead obstructions ie overhead cables?? (GS6 requirements) | | <input type="checkbox"/> | <input type="checkbox"/> |
| Have we been informed of any significant risk of people and plant interface?? | | <input type="checkbox"/> | <input type="checkbox"/> |

| Warning/Instruction | Cone key to reduce residual risk(s) | |
|--|---|--|
| OVERHEAD STRUCTURES | The overhead hazard may not be visible, particularly at night. Mark the extent of the hazard with blue cones and a white drape. | |
| OVERHEAD CABLES | The overhead hazard may not be visible, particularly at night. Mark the extent of the risk zone with blue cones and a yellow drape. Carry an overhead hazard symbol and message. Sign blue warning traffic, workers cannot see them and will be in danger of the works access location. | |
| WORKS ACCESS | Place green cones with white drape on either side of the work access point, inside the works, run as part of the site boundary cone line. | |
| RESTRICTION ON STOPPING IN A SPECIFIED ZONE WITHIN AREA OF WORKS | Vehicle stopping in any part of a deceleration zone just inside the works access or on a final route towards the risk of work vehicle collisions. Place yellow cones with white drape inside the works throughout the stopping zone as a reminder for drivers. | |
